ICEISS 2022

**“Development of Outcome-Based Education (OBE)
Curriculum Oriented to MBKM in the Era of Disruption”**

Accounting Education Study Program
Faculty of Education, Universitas Muhammadiyah Surakarta
Indonesia

MESSAGE FROM THE CONFERENCE CHAIR ICEISS 2022

Assalamu'alaikum wr wb,

Our Distinguished guests, respected colleagues, ladies and gentlemen.

Alhamdulillahirabbil 'alamin, First of all, let us praise Allah, the Most Gracious and the most merciful for his mercy and blessings so we can attend today's program. Secondly, let us convey our solitude and gratitude to our prophet Muhammad SAW, May peace be upon him.

On behalf of the organizing committee, I am honoured to welcome you to the 1st International Conference on Education Innovation and Social Science 2022 with the topic "Development of Outcome-Based Education (OBE) Curriculum Oriented to MBKM in the Era of Disruption". The aim of this conference is to present a model of Outcome-Based Education (OBE) curriculum development oriented toward Freedom of Learning in the era of disruption.

Ladies and gentlemen, I am pleased to inform you that we have 63 papers focusing on education innovation and social science. We are honored to have Prof Dr. Anam Sutopo as our keynote speaker, Mr. Cuong Huu Nguyen, Ph.D from Van Lang University Vietnam, Mr. Prof. Dr. Ramlee Bin Mustopha from Universiti Pendidikan Sultan Idris Malaysia, and Ms. Mauly Halwat Hikmat, Ph.D from Universitas Muhammadiyah Surakarta as our distinguished speakers. Also, we would like to extend our appreciation to all honourable presenters, participants and invited guests for taking your precious time to share valuable experiences and ideas and to participate in this international conference.

Ladies and gentlemen, on this occasion, allow me to acknowledge the support from all committee members, from Education Faculty and Accounting Education Department, who have been working hard to make this conference happen.

Finally, I hope that you will find the conference both enjoyable and valuable. Thank you.

Wassalamu'alaikum wr wb

**Conference Chair ICEISS 2022,
Tri Nur Wahyudi
Lecture, Universitas Muhammadiyah Surakarta, indonesia**

MESSAGE FROM DEAN'S

Assalamu 'alaykum wa rahmatullahi wa barakaatuhu,

First and foremost, all thanks and praise is due to Allah, the Most Gracious and the most merciful for his mercy and blessings in giving us this opportunity to gather at the 1st International Conference on Education Innovation and Social Science 2022.

As the Dean of Education Faculty of Universitas Muhammadiyah Surakarta, I would like to offer a warm welcome to our keynote speaker Mr. Prof. Dr. Anam Sutopo from Universitas Muhammadiyah Surakarta, our distinguished speakers; Mr. Cuong Huu Nguyen, Ph.D from Van Lang University Vietnam, Mr. Prof. Dr. Ramlee Bin Mustopha from Universitas Pendidikan Sultan Idris Malaysia, and Ms. Mauly Halwat Hikmat, Ph.D from Universitas Muhammadiyah Surakarta, honourable presenters, participants and invited guests. It's a great pleasure and honor for our University to host this international conference in conjunction with acceleration toward the World Class University in 2029.

UMS, with a 35.000 student body, 12 different faculties, and 60 study programs is currently one of the leading universities internationally recognized. Among these faculties, Education Faculty is the oldest faculty in UMS, and currently has 16 Departments with Excellent National Accreditation, 9.000 student body.

In the era of disruption, information technology is the basis of human life, including education in Indonesia. Disruption in the world of education is a consequence of the emergence of the industrial revolution 4.0. There are several techniques in implementing education 4.0: (1) Preparing digital technology tools for the implementation of the Teaching and Learning Process (PBM), (2) Preparing a curriculum that is in accordance with the times, and (3) Ensuring that educators have skills in utilizing IT for learning. In relation to this, the concept of the Outcome-Based Education (OBE) curriculum has received attention and has been applied by several countries. In Indonesia, OBE has received a lot of attention since the Minister of Education, Nadiem Makarim, launched a new policy on changing the 2013 curriculum by introducing the Outcome-Based Curriculum (OBC). This OBE framework is applied to the education policy "Merdeka Belajar – Kampus Merdeka (MBKM)" which can be interpreted as Freedom of Learning. In this policy, the students are given the freedom to study outside their study programs for three semesters. OBE reflects aspects of knowledge, attitudes, and skills that are in accordance with the changing social, economic, and cultural conditions that are needed by the community. Therefore, the Accounting Education Study Program of the Universitas Muhammadiyah Surakarta feels the need to hold discussion activities that can bring education experts and education practitioners to exchange ideas on the development of an OBE-based curriculum oriented toward MBKM.

The papers of this Conference appear to be rich in contents and subjects to Education and Social Science in a very wide perspective, therefore, I believe it will give helpful and valuable insights for further developments in our country and in the world. On this occasion, I'd like to convey my gratitude to the Committee who has put great effort to make this conference possible. Once again, it is my great pleasure to welcome you all and I wish you all have an enjoyable and fruitful conference. Finally let's open this the 1st International Conference on Education Innovation and Social Science 2022 hosted by Accounting Education Department, Universitas Muhammadiyah Surakarta by reciting BASMALLAAH together, Bismillahiroohmaniiraahim

Thank you very much, *wassalamu 'alaykum wa rahmatullahi wa barakaatuhu,*

Prof. Dr. Sutama, MPd
Dean Faculty of Teacher Training and Education, Universitas Muhammadiyah Surakarta, Indonesia
